

## Intermediate Campus at Our Lady of Providence

**Our Intermediate campus connects the foundation of the Primary campus with the rigor of the Middle School campus. Teachers have high expectations for their students, and with individualized instruction, students continually rise to the occasion.**

**By 5th grade, they are given leadership opportunities that prepare them for our Middle School campus.**

### THE HCA INTERMEDIATE EXPERIENCE

- ✓ **Faith** - Students spend time in weekly Mass and visit Our Lady of Providence for prayer services and time in Adoration. Our Faith Families are groups of students from each grade level. Each group is named for a patron Saint, and they meet multiple times each month for formation activities.
- ✓ **Regular Benchmark Screenings** - Our Weekly Wonder Block class provides each grade small group instruction tailored to their needs: from intervention support to enrichment challenges.
- ✓ **Academic Support** - Our teachers truly know their students and differentiate instruction to meet their needs. Students receive support from learning consultants as well as other support professionals, giving students the confidence they need to learn and succeed.
- ✓ **Alternative Learning Spaces** - The campus has a dedicated STREAM lab, Outdoor Experience space, orchard, and garden.

*"HCA has grade-appropriate campuses that allow our educators the ability to collaborate and share resources to best assist the kids in their academic development. Our amazing teachers have resources so no child is left behind and students who are excelling are challenged in their work. This allows for students to have diverse mindsets and work ethics."*  
- Kyle and Annie Roden, HCA parents

*"HCA is unique because of the freedom to create engaging lessons to reach our students. We are able to get outside in our campus gardens to learn about decomposers and plants or construct classroom transformations to connect what we are learning about to real life."* - McKinley Robbins, HCA faculty
